

Best Practices – 2021-22

Best Practice 1

1. Title of the Practice:

Community Development and Awareness Services.

2. Goal:

To create awareness regarding education, Cleanliness and hygiene. To develop the surrounding community in which the institute is situated. To provide expertise of the highly educated persons of the institute to the community. To use the physical energy and intelligence of the College students for the benefit of the community. To make students aware of their constitutional Rights and responsibility towards community. To improve the hygienic and educational mentality of the rural and tribal area.

3. The Context:

The College is located in rural backward and hilly area of Aurangabad district of Maharashtra. Most of the population are below poverty line and belongs to tribal and Muslim Minority with educational, economically backward and superstitious group. They lack the knowledge of importance of cleanliness and education. Majority of the students coming to college are ignorant of their Rights and Duties as a citizen of India. Hence it was need of the day to make the students aware of their Rights and Duties towards the community first and then develop the community with the help of these students. The villages and the towns surrounding the institution lacks proper hygienic conditions in day to day life. Most of the families involved in Agricultural farming and are poorly literate or illiterate. The Economic condition is also mostly poor. Hence, the idea to develop the community and make them aware of their living condition took place. Since the establishment of the institution. So that the surrounding community can understand the need of the hour and develop themselves and their surroundings.

4. The Practice:

Special Camp: One week NSS Special Camp with theme “Health for Youth” was organized on 24-03-2022 to 30-03-2022.

Regular Programmes: In academic year 2021-22 various community development and awareness programmes were conducted through NSS such as Tree Plantation, Guest Lectures on Women Empowerment, Competitive Exam Guidance and College Sensitization, Swacchta Abhyan on Historical Places in the region etc. National & International days were celebrated by NSS Volunteers such as International Yoga Day, Youth Day etc.

5. Evidence of Success:

Resource persons were invited and lectures were arranged on National and International days. Students were given oath on voter's day & Samvidhan Diwas. COVID-19 Vaccination Camp organized in the campus.

The result of success indicates that there is hope for betterment if we work sincerely towards any goal.

CHISHTIYA COLLEGE OF ARTS, COMMERCE & SCIENCE

MINORITY INSTITUTION- NAAC
ACCREDITED AFFILIATED TO DR. BABASAHEB AMBEDKAR MARATHWADA UNIVERSITY,
AURANGABAD.
KHULDABAD. DIST. AURANGABAD-431101

6. Problems Encountered And Resources Required:

To deal with the educationally and economically weaker section is itself a great task. Convincing the Panchayats for the work to be carried out in their village is in the beginning time consuming. Later convening the people of the village for accepting the help and support of the College volunteers in developing their surrounding and creating awareness is a problem. Facing the adverse conditions such as lack of electricity, proper shelter water etc., for 7 days of village life and still carrying out the objectives successfully. Financial support provided by the University is limited, it's needed to be increased. Poor transportation facilities to reach out to the villages situated in remote areas. Poor hygienic conditions of the surrounding where the volunteers stay for one or seven days.

7. Notes:

Community needs to be well aware and understanding them only it will provide you the favorable surrounding forth promotion and development of education. If the community is healthy in all respect then only the works of spreading providing education in healthy atmosphere impossible.

CHISHTIYA COLLEGE OF ARTS, COMMERCE & SCIENCE

MINORITY INSTITUTION- NAAC
ACCREDITED AFFILIATED TO DR. BABASAHEB AMBEDKAR MARATHWADA UNIVERSITY,
AURANGABAD.

Best Practice 2

1. Title of the Practice:

Women & Adolescent Girls Health Awareness Services

2. Goal:

- To create awareness regarding importance of education, cleanliness and hygiene in daily life.
- To inform and empower women to take care and responsibility for their health.
- To provide guidance for the right nutrition for good health necessary for Women.
- To provide facilities for acquainting rural girls with the Modern Urban facilities available.

3. The Context:

Dept. of Home Science organized various programmes to celebrate Nutrition Month in September 2021. Cooking Competition was organized for enhancing cooking skills with Nutritional Values. Leaflets regarding Nutrition was distributed on 21st September 2021 among the women in near hilly area under the Nutrition Awareness Programme. Nutrition Survey of Adolescent Girls was also done on 29th September 2021.

International Breast Feeding Week (1-9 August 2021) organized through online, counselled the lactating women.

Dept. of Home Science in collaboration with Dr. Rafiq Zakaria College for Women (Navkhanda College) organized Online Guest Lecture on the occasion of Women's Day on 08th March 2022.

Poster Making Practical Session regarding Flower Arrangement conducted for college students.

Diet Counselling Centre organized various sessions on Health Hygiene and Diet for school going children and mothers.

4. The Practice:

The practice covered women health awareness programme through various activities such as Nutritious Recipe Competition, Salad Decoration Demonstration and Online Quizzes. Breast Feeding Week was celebrated.

5. Evidence of Success:

Through programmes girls and students acquired knowledge of health, hygiene and nutrition. Most of the students submitted slogans, poster. Student took part in arranging the Online Programmes for their knowledge and improvement in skills.

6. Problems Encountered and Resources Required:

To deal with educationally and economically weaker sections is itself a great task. Convincing to the parents of girl students for visiting out of campus places. Poor transportation facilities to reach out to the villages situated in remote areas. Better ICT facilities required at the department. Financial support should be increased to organize such events.

7. Notes:

If the society is healthy in all respect then the development of the society leads in the right direction. Woman makes the half of the population, thus needs to be paid attention in all respect. Her health comes on top of the list for a better and happy family and society.
